

HELLO THERE,

MY NAME IS **MIKE ZAKANY**^{32YO} AND THIS IS MY RESUME.

I am a self taught *web developer* with a background in investment management.

// ABOUT ME

I didn't go to school for programming in the pay tuition sense, but rather went to school in the author a gem sense [bulk_youtube](#).

Or in the, learn d3.js by making a [visualization](#) of mojo.com then giving a presentation at a ruby meetup, kind of sense.

I needed to learn how to deploy, so I practiced a unicorn/nginx setup in vagrant - went to digital ocean, and [Boomshakalaka](#).

Need to make an ecommerce site in a week? [Do you like salsa?](#)

// EDUCATION

- 2004

Ashland University
Bachelors in Finance
- 2004-2012

Investment and Banking Industries
Lots of investment management, stock market analysis, excel...
- 2012

Began path to web-dev ninja
Lets use rails to create an api to be consumed by angularjs.
How about versioning our builds with git and server deploys with chef?

// EXPERIENCE

- Extracurricular

2012 -

Meetups

Civic Hack Group - Built a scraper and an api out of over 7400 vacant lots in cuyahoga county, and visualized it using leaflet.js. Served the backend with rails and postgis.

Cleveland Ruby Brigade - Helped organize first hack night. Entered 2014 Cleveland Christmas Hackathon.Our team crafted Gift Guard, an accelerometer that goes on top of a gift - and when shaken sends an iphone push notification and plays an audio file. We won 1st place...
- JMI

2014

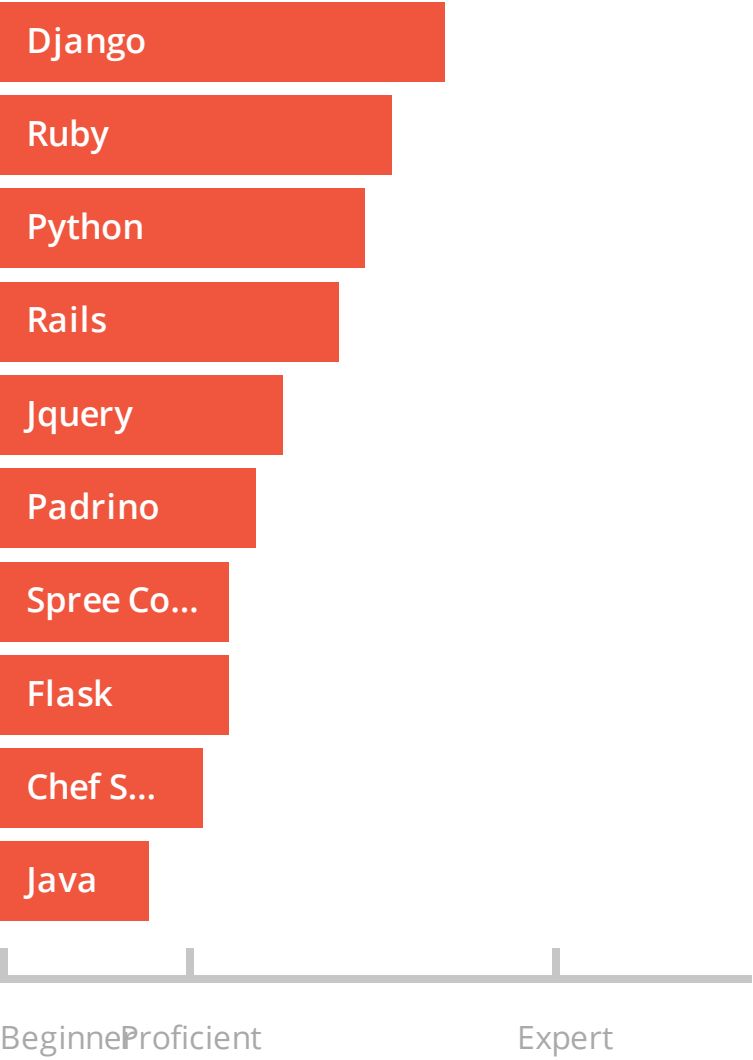

Web Developer

Built ecommerce site with Spree (rails). Later switched to big commerce due to time constraints. So I built the front end and integrated google services, external quickbooks point of sale, and web api.
